A hardworking and adaptable Mechanical Engineering graduate with strong enthusiasm for engineering innovation and continuous learning. Passionate in the fields of energy conversion, manufacturing, and engineering design, with hands-on exposure to utility and plant operations. Recognized for strong organizational involvement, leadership experience, and the ability to adapt quickly in dynamic environments while striving for professional growth and meaningful contributions. Highly motivated to continuously learn new concepts and tackle real world engineering challenges, aiming to contribute to the development of efficient and sustainable engineering solutions.

Education Level

Universitas Negeri Semarang - Semarang, Indonesia

Aug 2022 - May 2026

Bachelor of Mechanical Engineering, 3.72/4.00

Work Experiences

Wilmar International - Serang, Indonesia

Sep 2025 - Dec 2025

Utility Department Intern

- Assisted Boiler Plant operations by learning steam generation systems, utility process flows, and operational monitoring to support stable plant performance.
- Collaborated with utility operators and engineers in monitoring boiler performance and supporting daily operational activities.
- Supported Water Treatment Plant (WTP) and Effluent Treatment Plant (ETP) operations by observing water and wastewater treatment processes.
- Identified potential operational efficiency improvements within Boiler Plant systems through field observations and process evaluation.
- Analyzed utility operation data and process parameters to understand steam supply systems and plant utility performance.
- Coordinated with plant personnel to support smooth utility and operational activities.

Organisational Experience

JABODETABEK UNNES

Jun 2024 - May 2025

Chairman

- Directed organizational operations and strategic planning to support the goals and development of JABODETABEK UNNES.
- Managed and coordinated division heads and members to support efficient operations and successful implementation of programs.
- Led organizational decision-making and internal coordination related to operational and strategic matters.
- Initiated and supervised organizational programs and member development activities to enhance engagement and organizational effectiveness.

JABODETABEK UNNES

Jun 2023 - May 2024

Vice Chairman

- Supported the Chairman in strategic planning, organizational decision-making, and execution of organizational programs.
- Represented the Chairman in coordinating internal activities and maintaining organizational operations when required.
- Collaborated with board members to address internal issues and improve coordination across divisions.
- Assisted in supervising organizational activities to ensure programs were carried out effectively and on schedule.

BEM KM UNNES

Feb 2023 - Dec 2023

Staff of Ministry of Cabinet Household

- Help plan and execute events or meetings organized by the cabinet, including inter-ministry collaboration activities.
- Oversee and manage the availability of resources, such as office supplies, documents, and equipment, required by ministries within BEM.
- Coordinated internal administrative and operational support to ensure smooth execution of organizational activities and programs.
- Assisted in preparing and organizing administrative needs to support cabinet activities and event operations.

Skills, Achievements & Other Experience

- **Soft Skills:** Leadership, Effective Communication, Problem Solving, Analytical Thinking, Teamwork, Adaptability, Time Management, Project Coordination
- **Hard Skills:** Microsoft Office (Words, Excel, Power Point), Autodesk Inventor, Canva
- **Languages:** Bahasa Indonesia (Native), Bahasa Inggris (Intermediate)
