J. INFORMASI MENGENAI LAMARAN

Pertanyaan	Pilihan	Keterangan
1. Apakah Anda pernah melamar di perusahaan ini?	☐ Ya ☐ <u>Tidak</u>	
2. Apakah Anda memiliki saudara / kenalan diperusahaan ini?	☐ Ya ☐ <u>Tidak</u>	
3. Apakah Anda terikat kontrak dengan perusahaan tempat Anda bekerja saat ini?	☐ Ya ☐ <u>Tidak</u>	
4. Apakah Anda pernah mengalami sakit atau kecelakaan yang menyebabkan Anda dirawat di Rumah Sakit? Jika ya sebutkan	☐ Ya ☐ <u>Tidak</u>	
5. Apakah Anda pernah berurusan dengan Polisi karena tindakan kejahatan?	☐ Ya ☐ <u>Tidak</u>	
6. Bersediakah Anda ditempatkan di luar kota?	☐ <u>Ya</u> ☐ Tidak	
7. Apakah Anda memiliki riwayat penyakit bawaan? (contoh : buta warna, hipertensi, jantung, diabetes, TBC, ginjal, kanker, dsb)	☐ Ya ☐ <u>Tidak</u>	Jika Ya, Sebutkan:
8. Apakah Anda sudah menerima vaksin Covid-19?	☐ <u>Ya</u> ☐ Tidak	Jika Ya, Sebutkan vaksin yang digunakan dan sudah menerima vaksin ke berapa:booster atau dosis ke 3 kalau ga salah
9. Bidang pekerjaan apa yang Anda		

senangi?	Produksi, Quality control atau proses engineer
10. Bidang pekerjaan apa yang Anda tidak senangi?	Design engineer, Machining.
11. Keahlian apa yang Anda kuasai?	Analisis OEE, Lean Manufacturing, RCA, Software Engineering (Solidworks, MATLAB), dan Pengolahan Data Material
12. Kelebihan apakah yang Anda miliki?	Memiliki kemampuan analisis teknis yang kuat (Engineer mindset), disiplin tinggi (terbiasa dengan budaya kerja manufaktur Jepang), dan mampu bekerja di bawah tekanan target produksi
13. Prestasi apa yang pernah Anda capai selama ini?	Juara kompetisi esai korosi tingkat nasional dan berhasil menyelesaikan kajian studi kelayakan mineral di PT 28 Ayoda Group, serta yg lain dapat dilihat detailnya di cv ya pak 🙏.
14. Keterbatasan apa yang Anda miliki?	Kadang terlalu perfeksionis terhadap detail data, suka lupa dan kurang teliti, namun saya mengatasinya dengan menentukan skala prioritas agar target <i>timeline</i> tetap tercapai serta buat

	to dolist dan re check kembali kerjaan.
15. Kenapa Anda tertarik bergabung dengan perusahaan kami?	Karena buka di role produksi dan PT Prakarsa Alam Segar adalah market leader di industri FMCG dengan sistem manufaktur yang sangat dinamis. Saya ingin menerapkan keahlian Lean Manufacturing saya untuk berkontribusi langsung pada efisiensi rantai produksi (shopfloor) melalui program SLDP
16. Tanggal berapa Anda mulai bekerja?	Secepatnya atau 1 week notice maybe(ken kontrak maganghub say bersifat tidak mengikat)

Demikian data dan informasi yang saya buat dengan sebenar-benarnya. Perusahaan dapat mengambil tindakan yang diperlukan jika terdapat data atau informasi yang dipalsukan.

Bekasi City | 082144954625 | zidane.zahro@ui.ac.id | www.linkedin.com/in/zidanezahronovaro

Materials Engineering graduate from Universitas Indonesia with strong interest in **manufacturing operations and FMCG production systems**. Living in **Bekasi**, I am familiar with industrial areas around Bekasi and have gained hands-on experience through internships in manufacturing plants, including **PT Bakrie Pipe Industries (Bekasi)** and production engineering roles in automotive manufacturing. I have a solid foundation in **Lean Manufacturing, Kaizen, TPS, and continuous improvement principles**, supported by practical shopfloor exposure. I also hold certifications in **ISO Management Systems (ISO 9001, ISO 14001, ISO 45001)** and **BNSP General Occupational Health and Safety (Ahli K3 Umum)**. I am passionate about the FMCG industry and highly motivated to contribute to production excellence—especially in companies like Wings Food whose products, such as **Mie Sedaap Goreng**, are widely loved for their distinctive crispy fried onions and strong consumer appeal.

- **Courses / Certifications / Skills:** English Proficiency test (EPT)/Toefl by LIB UI : Score 503, BNSP Certified General Occupational Safety & Health Expert (Competent), and advanced software tools including Excel, Origin, SolidWorks, Word/PPT, and multimedia editing software.

EDUCATION

Bachelor of Metallurgical & Materials Engineering, part of Mechanical Engineering Faculty, Universitas Indonesia (August 2021 – July 2025)

- GPA: 3.53 / 4.00
- 1st Place in the 2024 Chromatic UI Essay Competition on Corrosion and Protection Materials, top 7 finalists of the Student Innovation Forum on Critical Minerals at MnMs UI 2024, top 10 finalists of the 2023 DEF Undip Business Plan Competition, and various “Best Staff” awards at IMMt FT UI, Nano Rsc FTUI and GP Tech SC UI,.

Math and Science, SMA Negeri 1 Kota Bekasi

(2018 – 2021)

- Average Grade : 86.7
- Ranked 24th in the average report card of science majors at SMAN 1 Bekasi for **SNMPTN**

CORE COMPETENCE

1. Production Process Optimization & Lean Manufacturing

Experienced in applying Lean Manufacturing, Kaizen, and TPS tools during internship at PT Pakoakuina, monitoring OEE, OK Ratio, takt time, and cycle time while executing an 8-Step Kaizen improvement project in the Melting–Casting production line.

2. Shopfloor Operations & Production Control

Supported daily production monitoring, capacity analysis, and TPM evaluation at PT Astra Honda Motor, helping track output performance and identify operational abnormalities to maintain QCDSM production targets.

3. Quality Control & Defect Analysis

Hands-on experience in Ultrasonic Testing (UT), defect analysis, and root cause investigation during internship at PT Bakrie Pipe Industries, contributing to quality improvement initiatives for API 5L L390M steel pipe production.

4. Safety, Compliance & Industrial Risk Awareness

Managed 700+ RBI pipeline inspection data entries under Asset Integrity Management System and certified in ISO 9001, ISO 14001, ISO 45001, and BNSP General OHS, ensuring compliance and safety awareness in industrial operations.

WORK EXPERIENCES

Independent Projects & Digital Services

(August 2022 - Present)

- Working on other people's assignments, papers, etc. and competing for high rankings in Mobile Legends.
- Selling premium app accounts like Netflix, Canva, etc.

Pic Non-Lab Polymer Laboratory Assistant, Lab Polymer DTMM FT UI

(August - Dec 2023)

- Assisted 2-6 researchers and practitioners in conducting experiments and research related to polymers
- Maintain the laboratory environment & provide technical support and training.

Assistant lecturer for Calculus 1, Electrical Physics Mechanics, Waves, & Optics, and Introductory Engineering Materials, FT UI (Aug 2022-Dec 2024)

- Responsible for creating and checking assignments, quizzes, and exam materials; preparing solution keys; and providing tutoring sessions before exams according to student needs.
- Assisted in three different courses across multiple semesters, supporting a total of 162 students in five classes (WFA) and contributed to improving student understanding and academic performance through structured problem-solving guidance and personalized feedback

INTERNSHIP EXPERIENCES

Melting Casting Production Engineer Intern, PT Pakoakuina Motorcycle (Dec 2015- Present)

- Applied core manufacturing principles by learning and implementing Pako core values, safety culture, whistleblowing system, risk management, shopfloor management, kaizen, and 8-step improvement methodologies within daily operations.
- Supported melting and casting operations and heat treatment processes through safety, quality, productivity, and cost monitoring, applying TPS tools such as OEE, OK ratio, monitoring takt/cycle time, SOP/WI, TSKK, and Job ALO observation (Yamazaki Chart) to identify abnormalities and improvement opportunities.
- Executed individual improvement projects to improve production efficiency and reduce operational cost in Melting Casting 2W division, using structured 8-Step continuous improvement tools to drive measurable operational gains.

Mine Control Center Engineer Intern, PT 28 Ayoda Group (May - Nov 2015)

- Assisted in preparing RKAB documentation and feasibility studies in compliance with ESDM Regulation No. 1806/2018, processing and maintaining on-site IUP data, and compiling comprehensive reports for the head office.
- Performed comparative analysis of nickel processing routes (HPAL vs RKEF), assessed silica sand purification for photovoltaic glass specifications, and evaluated vanadium and scandium recovery rates and market viability — providing data-driven insights for strategic planning.

Failure Analysis Engineer, CPMFA UI (Sept 2014 - Feb 2015)

- Completed failure analysis on national monument statues in collaboration with Ministry of Culture and analyzed stainless steel SS 316L tube leakage for hydrocarbon gas flow identifying pitting corrosion and recommending coating and material specification improvements
- Diagnosed root cause of drill pipe failure using Fishbone Diagram and DMAIC framework for PT Sucofindo and Pertamina Hulu Rokan and coiled tubing failure for PT Schlumberger using Fishbone Diagram and DMAIC framework

Quality Control Engineer intern at Quality & HSE division, PT Bakrie Pipes Industries (Nov - Dec 2014)

- Conducted failure analysis on stainless steel structures of national monument statues for Plate Lamination to reduce A1-class defects on API 5L X56M PSL2 conductor pipes for PT Pertamina Hulu Mahakam.
- Collaborated with QHSE team to identify inspection inefficiencies and improvement opportunities in inspection setup, improve couplant handling, and reduce calibration frequency for KT-24 HFW pipe production.

Production and Process Engineer Casting wheel Intern, PT Astra Honda Motor (Jan - Mar 2014)

- Analyzed production capacity and TPM performance to ensure optimal QCDSM outcomes.
- Working & Investigated on the project "The Effect Of Temperature & Cycle Time In Heat Treatment Of Silicon Aluminium Alloy Castings On Mechanical Properties Of Wheel Front K2SA"(ANALYZE 2 VARIABLES namely temperature 510 ° C, 515 ° C, 520 ° C, 525 ° C, 525 ° C, 530 ° C and cycle time / holding time 25, 27, and 28 minutes.)Performed microstructure analysis, hardness testing, and metallographic sample preparation and evaluation

Risk Based Inspection pipeline Intern, PT. Integrator Prima Nusantara (July - Sep 2013)

- Processed and managed 700+ RBI pipeline inspection data entries (with, utm, pimps).
- Conducted Risk-Based Inspection (RBI) pipeline analysis (2011) – Pertamina Hulu Rokan & Risk based inspection of pipeline (prior to 2011) – Chevron Pacific Indonesia Responsible for : Conduct Risk-Based Inspection (RBI)-Pipeline at Blok Rokan, MINAS Field as part of Asset Integrity Management System for Chevron and Pertamina.

RESEARCH EXPERIENCES

Undergraduate Research | BRIN RI, Cibinong (June - Dec 2014)

& CSWM UI (April - May 2015)

- Conducted research and material characterization of Wood Polymer Composites using reinforced recycled

polyethylene (r-PE) and Oil Palm Empty Fruit Bunch (OPEFB/TKKS), applying plasma & alkalization treatments for comparative fiber and mechanical performance study.

- Operated and optimized advanced laboratory equipment (extruders, pelletizers, mini injection moulding, pulverizers, chopper, shredder, grinder) to process oil palm biomass into fiber/flour and formulate composite materials for testing.
- Assisted in data analysis, manuscript drafting, and graph preparation for WPC/PMC research using r-PE and OPEFB (5– 20%) with various treatments, comparing fiber and mechanical properties to Rice Husk and Teak for a Q2 journal submission (Taylor & Francis).

ORGANIZATIONAL & COMITTE EXPERIENCES

Metal Seraga Project Officer Committee

(August - Dec 2022)

- Led a committee of 55 people to organize an art, sports, and science competition between active batches at DTMM FTUI. Make a project plan for the next 6 months, worked together, think critically, exchanged opinions, executed and accommodated the needs of the community for the event to run smoothly.
- Successfully executed the event from planning to completion with the innovation of new sports and new division

Head of Treasury Division, Nano RSc FTUI

(Jan - Dec 2023)

- Led and supervised a treasury team of 5 staff, plan, organize and supervise the implementation of 6 divisional work programs and activities, including: profit and loss agreements, cash flow, Annual Activity Plan and Budget, management jacket, membership fees, financial reports.
- Analyze financial data, make projections, and provide strategic recommendations for management decision making. As well as identifying cost efficiency opportunities and optimizing the allocation of financial resources.

Deputy Head of Media and Publication Division, GP Tech SC UI 2023

(Jan - Dec 2023)

- Lead and coordinate the media and publication team consisting of 5 staff members. Plan, organize, and oversee the implementation of 7 work programs and division activities, including: Social Media Instagram Branding, Online magazine GP-Zine, Documentations for Company visit to SLB, Pengabdian Masyarakat, Seminar waste plastic management seminar, Polytalk Podcast & make Video Profile.
- successfully to create the highest number of video reels with 6,122 views regarding the polytalk eps 2 trailers on Instagram

Staff Human Resources Management and organization, UKM UI Esport Club

(Feb - Dec 2022)

- Improve the quality of human resources, other fields, and internal bonding, which includes registering and wishing members happy birthdays, holding monthly meetings, and successfully hosting a PUBG Mobile x Mobile Legends bonding event with gaming and conversations at a coffee shop.

COURSE & CERTIFICATION

→ Published by LSP Katigapass, PT Mitra Dinamis Utama (Midiatama), BNSP

- **Certified General Occupational Safety & Health Expert (Competent)**

□ Published by Talenthub by Kemenaker RI

- **Talenthub batch 19, Mandarin Language for Professionals**

□ Published by Nestle

- **Nestle E-learning 2025 | Sustainability Topics**

□ Published by PT. Yura Prima Solusindo

- **ISO 14001:2015 Environmental Management Systems Certified**
- **ISO 45001:2018 Occupational Health and Safety Management Systems (K3) Certified**
- **ISO 9001:2015 Quality Management System Certified**

□ Published by Lembaga Bahasa Internasional, Fakultas Ilmu Pengetahuan Budaya, Universitas Indonesia (LBI FIB UI) with the document number 18761/UN2.F7.LBI/PDP.00.07.01/2021

- **The English Proficiency Test (EPT) : 503 (equivalent to standardized TOEFL scores**
Section I (Listening Comprehension): Raw 36, Converted 53;
Section II (Structure and Written Expression): Raw 27, Converted 50;
Section III (Vocabulary and Reading Comprehension): Raw 28, Converted

VOLUNTEERS EXPERIENCES

- Mentor OKK UI 2023

(June - Aug 2023)

- Jakarta sadar sampah x BEM UI 2022 Volunteer

(July - Sept 2022)

HONORS & AWARDS

- **1st** Essay Competition about Corrosion and Protection Material at Cromatic UI 2024.
- **Top 7** finalist teams Studen Innovation Forum Competition about critical Minerals at MnMs UI 2024.
- **Top 10** Finalist Proposal Business Plan Competition, DEF Undip 2023
- **Best staff treasury** triwulan 1 at Nano RSc FT UI 2022 (HRE : 3.77), **Best staff relation** Triwulan 1 at GP Tech SC UI 2022 (HRE : 3.79) & **Best Staff** Of The Term Quarter 1 at **Sport and Arts Division** in IMMt FTUI 2022 (HRE: 3.70)
- Ranked 24th in the average report card of science majors at SMAN 1 Bekasi for **SNMPTN**
- **• 2nd Place** – Outstanding Male Student Competition, Mustikajaya Subdistrict Scale, Bekasi City.

SKILLS

- **Language:** Indonesia (Native), English (EPT 503) , Mandarin (intermediate), Japanese & Korean (Beginner)
- **Software:** Origin, Microsoft office (word, power point, excel, etc), Google workspace (g-docs, g-slide, g-spreadsheet), solidworks, matlab, artstep, obs studio, canva, filmora, adobe premier pro, capcut, lightroom.
- **Others:** Public Speaking, Project Planning Management, Critical Thinking, collaboration and teamwork, Creative, act creatively and think visionarily, strong desire to learn new things, Photography, Design Photo, Editing Video & Writing literature journal/article.

TITLE BACHELOR THESIS

- "Comparative Analyze study of Modification of Oil Palm Empty Bunches with Plasma Treatment and Alkalization as Reinforcement for Sustainability Wood Plastic Composite Applications" about investigates the effect of modifying palm oil empty bunches (OPEFB) through plasma treatment and alkalization as reinforcement in sustainable wood-plastic composite applications, aiming to enhance the mechanical and functional properties of the material

Publication

- Z. Z. Novaro, "Modifikasi tandan kosong kelapa sawit dengan perlakuan plasma dan alkalisasi sebagai penguat untuk aplikasi komposit plastik kayu," Skripsi, Dept. Teknik Metalurgi dan Material, Univ. Indonesia, Depok, Indonesia, 2025. <https://lib.ui.ac.id/detail?id=9999920564755&lokasi=lokal>

Dear Recruitment Team of **PT Prakarsa Alam Segar**,

My name is **Zidane Zahro Novaro**, a **Materials Engineering** graduate from **Universitas Indonesia**, currently residing in **Bekasi** near the **Pondok Ungu industrial area**. I have a strong interest in **manufacturing operations**, particularly within **FMCG production systems**, and I am familiar with the industrial environment in Bekasi. Through this letter, I would like to express my interest in applying for the **Shopfloor Leadership Development Program (SLDP)** at **PT Prakarsa Alam Segar**.

My interest in the **manufacturing** and **FMCG industry** is driven by its dynamic operational environment, which requires **high efficiency**, **consistent quality**, and **real-time problem solving** on the **production floor**. I have gained hands-on experience through internships in manufacturing companies, including **PT Bakrie Pipe Industries**, as well as exposure to **production engineering** in the automotive sector. I possess a solid foundation in **Lean Manufacturing**, **Kaizen**, **Toyota Production System (TPS)**, and **continuous improvement** principles. In addition, I hold certifications in **ISO Management Systems (ISO 9001, ISO 14001, ISO 45001)** and **BNSP General Occupational Health and Safety (Ahli K3 Umum)**, which strengthen my capability to contribute to both **operational efficiency** and **workplace safety**.

I am highly motivated to grow and contribute within **PT Prakarsa Alam Segar** as part of **Wings Group**, a company recognized for its excellence in **FMCG production**. I believe my background, practical experience, and strong **growth mindset** will enable me to add value in improving **production performance** and supporting **operational excellence**. I would welcome the opportunity to further discuss how I can contribute to your organization. Thank you for your time and consideration.

Sincerely,

A handwritten signature in dark ink, appearing to read 'Zidane', with a stylized, flowing script.
